

Letter from Sir Sam Hughes

Those who are interested in the government should have proclaimed this policy; should have assumed responsibility for temperance, and have faced the issue like men.

Permit me to point out that I raised upwards of four hundred thousand men in the first three years of the war by voluntary enlistment; and there was no more drunkenness nor crime among them. I believe that among any other class that I know of in Canada and yet the Liberal Government, yielding to factional cries, passed a grade, harsh, drastic and repressive measure on prohibition which annoyed and angered hundreds of thousands of Ontario's best citizens—not of the drinking class, but of that great, big, broad, self-controlled class that makes for the up-building of any land.

The principle of "Personal Liberty" was the basis of the Liberal British Empire for nearly two thousand years, was cast aside, and tyranny, repression, mistrust and hatred were the result.

But, you will reply, "Did not you yourself, drive liquor out of our military camps?" Of course I did, and I would do again. What place is there for liquor in a camp of young men, or what is it doing in a school? The principle of "Personal Liberty" was the basis of the Liberal British Empire for nearly two thousand years, was cast aside, and tyranny, repression, mistrust and hatred were the result.

The young lad, being under military discipline, was not a free agent; he was not a citizen in private life, or at a public dinner, or in a public bar where he, being absolutely independent of all around him, could walk away or remain as he pleased.

My policy, therefore, was directed to maintaining the personal liberty of the boy from being offensively abused by a boisterous and drunken man, or from being offensively abused by a boisterous and drunken man, or from being offensively abused by a boisterous and drunken man.

In this connection, the Liberal Government made hundreds of thousands of innocent men from Lindsay to across sixteen splendid cities, not one of whom had ever been intoxicated in his lifetime, neither any one of them was an Orange member, nor was any one of them a man whose families were a credit to the community but who had been in the habit of keeping a law-abiding home and being a law-abiding citizen.

The Liberal Government of Ontario, in an open, manly observation of law and order, and in being careful not to encourage and aid in the perpetration of any and all delinquencies that come with these.

making him free."

In conclusion let me say, the spirit of unrest, of anarchy, of lawlessness, of disruption and of selfishness, against the protest, against the man who has property will vanish.

The cry of "Personal Liberty" will be recognized that to reach the top of the ladder, one must begin at the bottom and work his way up.

Paraphrasing a famous Canadian, I say that I pointed out that the question of supply and demand must be met with farmers, as with others.

At all these things, "let's settle down and stop fussing" and let's settle down, let me hope that you will have more time to prepare, and that the people will have more time to prepare.

LINDSAY PROTESTANT CHURCHES

LINKED UP IN NATIONAL FORWARD MOVEMENT CAMPAIGN

A gigantic national campaign, prayers and intercessions are being held with a view to uplifting the people.

The Baptist church locally has not received any specific instructions regarding the movement, but Rev. Mr. Bryant states this morning that following the life convention held at Ottawa last week, instructions and objectives would be issued shortly.

St. Andrew's Presbyterian church started on the Forward Movement a year ago, and out of this movement started the great national campaign. The two Methodist churches in Lindsay have been allotted certain objectives in regard to increasing the membership of the different church organizations, and the financial obligation. Following are the figures:

About 11.30 Premier Hearst left his office and Mr. J. Fleming in the hall, shook hands cordially with the Street Railway manager, and listened with a smile to Mr. Fleming's declaration of his sorrow at Sir William's impending departure. Then the Premier passed on downstairs to Sir John Hendrie's private office, where he remained for fifteen minutes.

Newspaper men were waiting in the corridor outside as he emerged. "Come up stairs, boys, I have an

"That is all," said Sir William. "You will carry on till you and Sir William, until the new Cabinet is formed?"

"Oh, yes," said Sir William. "The

Lieutenant-Governor has asked me to carry on until 31. Drury forces his cabinet and I am sworn in."

Further than that the Premier said nothing to say. When interviewed a few minutes later, the John Henric was just leaving the hall after consultation with various officials in regard to the procedure of forming a new Government.

"I have sent a message to Mr. Drury, asking him to call and see me," said Sir John, "and I expect he will be here on Monday."

Then the Lieutenant-Governor stepped into his car and drove away.

Fainting, Dizzy Spells

Weakness and Shortness of Breath.

Those feelings of faintness, those dizzy spells and "all gone" sinking sensations which come on from time to time indicate a weakened condition of the heart and disordered state of the nerves.

Milburn's Heart and Nerve Pills have no equal for strengthening the heart and invigorating the nerves.

Mrs. C. A. S. Drake, Paris, Ont.

"I have used on towards the second box of Milburn's Heart and Nerve Pills and find they have done me good. I had those fainting, dizzy spells once in a while, and also weakness and shortness of breath, and would be choked up at times. I could hardly sleep without sitting up in bed. When walking too fast I would have to stop and try to catch my breath. I feel a lot better since I have used your pills and know that they have helped me wonderfully as I have improved very much."

Price 50c. a box at all druggists. Mail order direct on receipt of price by The Milburn Co., Limited, Toronto, Ont.

BETTER THAN STRIKES.

Quelph Herald: The spirit of compromise in arbitration, less of mutual understanding of each other's difficulties, in the end works more for mutual welfare and good will than costly strikes, no matter which side is victorious, and which perhaps may have been fairly settled, were this the guiding principle.

NEWSPAPERS IN SCHOOL WORK.

At the recent meeting of the North Ontario Teachers' Institute in Beaverton, Principal Lobb, of the Fairbridge schools, outlined the use for making newspapers in school work. In some American schools a good deal of attention is paid to the use of newspapers and magazines, and it is encouraging to find our Ontario teachers alive to the value of current events. A regular item he put on newspaper reading by a weekly competition for the most important news item of the week, or the most interesting items of local news—Open School Sun Times.

THE REAL THIEF OF TIME.

A popular poet sings of the sin of impunctuality. The victim of punctuality is usually its own reward. The punctual man gets the worst of it. He is, he invents, justifying the advertiser, most of a public meeting, is in his seat at eight o'clock, and she, there waiting patiently or fuming until half past eight, when the wise but unscrupulous arrive says the Toronto Star, He has a

discreet regard for the value of time, but is always losing it keeping appointments and waiting for the other fellow. The unpunctual man is like the tightwad who saves his money by holding back his share of the expenses of his amusements and undertakings. He deserves all the scolding that is hurled at him, but scolding is his only punishment. He can afford to disregard concern while he boards his ill-gotten gains of time, knowing the loss will fall upon his virtuous neighbor.

An older poet told us that procrastination is the thief of time. What he should have said was the procrastinator is the thief of time and the punctual man the fiercer and the victim.

FUEL SITUATION IN CANADA.

The fuel situation in Canada is one which must be faced in an effort to overcome the annual threatened shortage and the consequently rising price of coal.

Canada possesses enormous coal reserves. Unfortunately, much of it is unsuitable for locomotive purposes, owing to its tendency to spall, also, owing to its high moisture content, it rapidly disintegrates on exposure to the atmosphere. Again, at the mines, both below and above ground, in mining the coal and in handling it a vast amount of slack is created, which, up to the present, has been considered as waste.

A process for utilizing this slack coal, as well as run-of-mine coal, has for some time been under development. By this method the coal is pulverized into fine particles, 85 per cent will pass through a 200 mesh screen and 75 per cent, through a 100-mesh screen. After the coal has been pulverized, it is fed from the bins by screw conveyors and blown into the furnace.

Good results have been secured by experimental plants, by the metallurgical industries, and on locomotives. In the heating of large buildings the use of pulverized coal has proved an economical fuel.

MADE MONEY ON VICTORY LOAN BONDS

The story is told of a well known business man of Woodville who last year invested \$5,000 in Victory Loan Bonds. Three months afterwards he decided to sell when the bonds were on several notches, and as they were on term bonds, he realized \$450 on the investment. Add to this his interest of 3 1/2 per cent, and the commission he received on the bonds, he was also an official canvasser for the bond drive realized over \$200.00. This was good business, and it is a pleasure of what other business man can accomplish if they put their savings in Victory Loan Bonds.

Gales, with heavy snowstorms, are taking up traffic on the Great Lakes.

HAS PURCHASED WOODVILLE HOTEL.

Mr. Sam Almsworth, who for some time has been connected with the Hotel Electric Commission at Woodville, has purchased the Woodville hotel from his father-in-law, Mr. Lucas. The Woodville hotel is one of the best in the country.

WOODVILLE MEMORIAL WILL BE SUBSTANTIAL

In order to make this monument, which is being erected at Woodville by the Township of Eldon, the Village Council and the Red Cross Society, one worth while, such a monument to the community, the Woodville Council will levy a tax of one cent on the dollar and the Village Council will contribute \$200 each to the memorial. Work has already commenced on the erection.

MAY HAVE TO FIGHT WHOLE OF RUSSIA

Lynn, Mass., Nov. 4.—(Telegram) almost announces that the Romanians intend to invade Rumania and will before the Supreme Council of the fact. This purpose will cause less embarrassment than the Rumanian Rumanian forces, for the council will not greatly concern itself should Rumania, of its own initiative, appropriate a valuable ally of attack. The council will simply not act in the matter, neither by sanction nor disapproval, but it should have no support if thereby it may have to fight the whole of Russia.

American delegates to the Peace Conference have taken the attitude that the dismemberment of Russia will be a dangerous course; that the United States, so far as was safe, the construction of Poland, and Finland; and that there is danger in the neighborhood of small Baltic states.

In this view, Rumania will be no better able to hold Rumania than would the Poles be to hold all Russia. The war will come when Russia shall be itself again.

The latest note to Rumania from the Supreme Council, indicating immediate action by Rumania to enter the Hungarian situation and to demonstrate that there is a Government in Hungary which is of all and unopposed powers can recognize, is expected to bring the Hungarian situation out of the twilight zone.

4,000 DRUG CLERKS ON STRIKE

New York, Nov. 4.—Four thousand drug clerks will go on strike at a strike Tuesday morning. It was announced today at the office of Charles A. Affenkrast, attorney for United Drug Co., 61 Park Row. The strike will not affect the clerks in hospitals, institutions, dispensaries and clinics, nor clerks in the employ of such of the proprietors who have agreed to the demand of the clerks.

POINTED PARAGRAPHS

Rev. F. L. Eddy, retired Methodist minister, of Brantford, died suddenly while dressing. By selling his \$100,000 of 1915 Victory Bonds and reinvesting the money in the present loan bill has made \$11,425. Leon B. Hatchford, former Secretary of Ontario Farmers' Club, but lately U.P.O. Purchasing Secretary in Toronto, is dead. The little son of Mr. D. Thurner, of Green Island, was knocked down by a motor car on its way home from school and fatally injured.

Poultry Wanted

We are going to lead a car of live ducks and geese. We do not know the exact date at present as we are waiting for your car to arrive. If you have any ducks or geese for sale, let us know, and we will advise you when to bring them in.

We will pay you 18c per lb. for geese and ducks. Live weight, when our car arrives. This is a very high price as the Toronto poultry houses only pay 16c, the limit for live geese.

Take advantage of the opportunity as you may not get as good a price again this Fall.

Also we want turkeys. For young turkeys, alive, weighing 5 lbs and over.

We will take ducks, chickens and hens any day, but do not bring geese or ducks in again, till we advise you as to the date.

DO NOT WANT LIBERALS OR CONSERVATIVES

Farmers' Sun is Strongly Opposed to Dr. Cody as Minister of Education.

With the cool breeze from the north there blows in at the window of the office where E. C. Drury is busy on Ontario construction a warm demand for portfolio for Northern Ontario.

It is stated now that Mr. Drury has determined to take into his cabinet no one elected to the House as

See a Liberal or a Conservative in the list.

The Farmers' Sun, editorially, has said that Hon. H. J. Cody has the "day and authority point of view in educational matters," proceeds:

"That Ontario requires of the head of the Education Department is a man who has a clear knowledge of the needs of rural as well as urban people, and whose chief interest will be in the utmost per cent, out of our hands and girls who never reach the university."

"Dr. Cody's purpose," says the Sun, "more or less openly avowed, was to make the public schools of Ontario a means of Imperialistic propaganda. These schools should be Canadian schools for the development of the Canadian idea. Imperialism, as a Calgary paper recently well said, means war, Canadianism means peace and the will being of humanity."

PROUDFOOT MAY ENTER THE SENATE

Ottawa, Nov. 5.—William Proudfoot, former leader of the Ontario Liberals, who was defeated in the Provincial elections, is here today, and is likely to be made a Senator.

Ugratofulness is one of the meanness traits of humanity. Married men are nearly all great Ugratoful men. When indeed is the man who knows how little he knows.

BOY FOUND AFTER FIVE YRS. SEARCH

To suddenly disappear from home as if the earth had opened and swallowed him, and to turn up five years later, after his relatives had given him up for dead, is the experience of James Kenneth Deval of Simcoe, Ont., who left his home December 2, 1911, when his request was refused by his parents.

Deval was a second form student at the Simcoe High school, tipping the scales at 145 pounds, and well over the average size for a youth of his years, when he endeavored to gain his parents' consent to serve his military service. He left without any warning, and for five long years the search was continued without avail. His relatives finally concluded he had gone to France and there made the supreme sacrifice.

But, however, was kinder to Kenneth Deval. A few days ago his mother received a letter written by her boy to a friend, from Germany, where he is now with the American army of occupation. The letter stated that the railway was in the line of health and thoroughly enjoying his job with Uncle Ben.

Mrs. Deval has written to the editor of her son's regiment, and hopes soon to be in direct communication with the missing lad.

PRESENTATION AT UPHILL

Mr. and Mrs. Foley Are Leaving For Kirkfield.

Uphill, Nov 4th.—Charles Peel and Walter Stewart are busy taking their cattle off the ranch. Some of the farmers in our midst are late with their potato digging, owing to the wet weather.

Mr. James Slater is making good headway at his new house and site.

We are sorry to hear that Mr. and Mrs. D. Martin are leaving our village.

Miss Marjory Gilmore of Kirkfield is home for a couple of weeks.

Miss Nora Barber was the guest of Miss M. Stewart last week.

Mr. A. C. Cooper is the guest of Mr. Mackenzie over the week end.

Mrs. Vise, of Cambridge, spent a few days with Mrs. H. McCaughey and Mrs. A. Gilmore last week.

On the evening of the 27th a pleasant gathering occurred at the home of Mr. and Mrs. Mat Foley, when a number of neighbors and friends came together to express their kind and best wishes to Mr. and Mrs. Foley, who are about to leave their neighborhood to take up their residence near Kirkfield. The evening was spent in dancing and social conversation. Refreshments were served. These followed the presentation of the evening, a purse, the following address was read by Mr. Walter Stewart, while the presentation was made by Miss L. O'Brien.

Dear Mr. and Mrs. Foley.—We, your friends and neighbors have gathered here this evening to bid you farewell. We all regret your departure, and we hope you will enjoy your new home. Therefore, on behalf of your friends of this community, we ask you to accept this gift. Though it is only small, we trust it will speak to you of sympathetic hearts and kind thoughts still remaining for you in the old home neighborhood.

Signed on behalf of your neighbors and friends

MICKY MESS MACKAY

Micky, the picture you'll never forget, Micky, the little girl you'll love, Micky, the song everyone hears, all are "Glee I wish, I wish, I wish" As a story Micky is a blending of every emotion. Yet the story, with its comedy, its romance, its pathos, and its wonderful twists, is of the simplest sort. Micky charms you, Micky amuses you, and when it is all over you say "Glee I wish, I wish, I wish" That's the success of Micky, and why hundreds clamor to see Micky at every performance.

Micky is here for three days and Saturday matinee. Are you going to be one of the disappointed ones at not seeing her?

The victory of the "drys" in Ohio, the "wets" profess to see in the election results in New Jersey as an indication of marked public sentiment against prohibition. A detailed analysis of the returns, the Association Opposed to National Prohibition reported yesterday, showed that in New Jersey, New York, Massachusetts, Virginia, Kentucky, and Maryland, where "constitutional prohibition was a real or near issue, it was condemned and defeated by the voters."

Hunters are Busy—Hallowe'en Passed Off Quietly.

Hallowe'en Passed Off Quietly.

Hallowe'en, November 4—About the only thing now in hunting. A good many are gone to the woods in morning for the annual quail. All morning there was the usual stir, some jockeyed to and fro and horns (noted and wagons loaded) with provisions, guns and traps, and hounds tied up behind barrels, and there was a general stir which was not unusual. Hunters came from Peterborough, Lindsay, Toronto, Dundas and from local hunters passing through to their camps to be ready for the hunt tomorrow morning. It is expected that there are plentiful and some have been known to say they have people who were fond of venison, so that if hunters get the bounty they will know what to do with the meat. We trust they will have their share of the good things, and the comfort as they pass along.

Three Well-Known Citizens Moving Away.

Lorneville, November 5.—The many friends and acquaintances of Jim Wynne Moore will be pleased to hear that she is improving after a two-week illness. Lorneville lost this week three of its most estimable citizens—Mr. J. M. John Ward, Donald McInnis, and Joseph Nugent. Mr. Ward and Mr. Nugent will make Orefield their home, while Mr. McInnis will reside in the Queen City. These gentlemen have lived in Lorneville for a number of years, and their departure has caused a great deal of regret. The best the town can give is all that a host of friends will for someone who they will miss.

PARLIAMENTS CEASE TO BE BONE DRY WHEN THE PEACE TREATY IS SIGNED

Ottawa, Nov. 12.—The Government announced yesterday conditional prohibition of the sale of liquor for the purpose of the peace treaty. The bill amending the Canada Temperance Act, will pass on the Senate tomorrow. The Administration expects the Senate to do it quickly, and on Monday morning.

Many arguments which Senators were prepared to urge against it have been forestalled by amendments already made by the House of Commons. The Hon. C. J. Roberts, the Minister of Finance, said that the bill would not only provide for the Dominion Government holding a referendum in any Province where it was desired, but also that the Legislature Assembly of each area has passed a resolution requesting that a Province-wide vote be taken of all the voters on the question of the importation or transportation of intoxicating liquors. That the bill passed about the question of Manufacture.

These bills will still leave to manufacturers of any Province the right to make a referendum for export or for sale in any Province where laws do not forbid it.

In other words, the amended bill would not interfere with the manufacture of liquor, which means that manufacturers for export will be able to do so and that the provinces will take up the matter of importation only. Manufacturers of liquor who do not wish to sell in the provinces will be able to do so.

PRESENT ORDER-IN-COUNCIL REMAINS—Inoperative on Proclamation of Peace.

Ottawa, Nov. 9.—The bill to amend the Canada Temperance Act, which the House of Commons passed yesterday, provides that the present order-in-council remains inoperative on the proclamation of peace. The bill is necessary, first, for the Province of Ontario, which is seeking the Dominion Government to hold a plebiscite on the question; and second, for the Dominion Government to take the vote and proclaim it.

This provision cannot be initiated by the Ontario legislature. It would seem that the new Federal legislation could not be put into operation before the proclamation of peace unless the proclamation is delayed for some months. In the meantime a Federal order-in-council now prohibits shipment of liquor into dry provinces. By its terms it is to be effective for a year from the proclamation of peace, but it is not to be renewed, however, if that the order will become inoperative simultaneously with the coming into force of the new Act upon the proclamation of peace.

If the view of the legal situation is correct, it may be possible to carry out the present order-in-council for their own use after the proclamation of peace and before action is taken by the Government. The House of Commons under the new Dominion legislation. At the same time it is not clear how the Government can make the new Act inoperative on the proclamation of peace, and unless the order is repealed by the government, there is a test case in the courts might be needed to determine its validity or invalidity.

There have been rumors that, having passed the new legislation on the statute books, the government will repeal the order by repealing the order when peace is proclaimed. In that event the Ontario Temperance Act would be inoperative, and in private dwellings would govern until such time as the new Federal measure was enacted.

A by-law to spend \$5,000 for a water test on the Ottawa river was adopted in St. Mary's.

THE DAY OF THE FARMER.

(Journalist Comments.) It is the day of the Farmer. Not only in the political revolution, but in the arena of Dominion politics as well, the farmer has come to the front suddenly. In the by-elections for the House of Commons held a few days ago the United Farmers

put up candidates in Glenora, Ontario (Ontario) against a Conservative, Assiniboia (Saskatchewan) against a Liberal, and Ontario-Victoria (New Brunswick) against a Conservative, and in all three the Farmers won by majorities that were astonishingly large. This manifestation of independent action by the Farmers in three widely separated communities is evidence of a powerful movement for the breaking down of old party lines. It is more than probable that a general election for the House of Commons at this time would result in the return of a large number of Farmer members, not attached to either of the old parties, possibly a number large enough to produce the coalition that appears today in the affairs of Ontario, where these independents are the strongest body, but not strong enough to form a majority of the Legislature.

There is nothing alarming in this Farmers' movement. The worst that can be said is that for a time it may be productive of political confusion. The Farmers evidently feel that their own class should be more largely represented in Parliament and Legislatures than in the past. Their desire apparently has been to have a larger representation and to exercise the utmost freedom in criticism but they have not aimed at immediate power. The responsibility that has unexpectedly come to them in Ontario will have a sobering effect and perhaps they will be better able to realize in future the difficulties and burdens of those who are called upon to govern.

HORSE RACE FROM PETERBORO TO PORT HOPE

Examiner: Local horsemen might be a little surprised to learn that on February 19, 1919, a horse race was held from Port Hope to Peterboro and return. There were three start-ups from Port Hope, Mr. Mack's "Dolly Varden," D. Patton's "Tom," and Jas. Babin's "Cattle Huster."

At 9 a.m. they reached Port Hope and Peterboro at 11.10 a.m. All three horses were abreast. Returning they left Peterboro at 11.21 a.m. and reached Port Hope at 1.55 p.m., making the round trip in 10 hours and 43 minutes.

W. HOUSE IS MEMBER OF RISK COMPANY

Two gentlemen well known in Lindsay are members of the Toronto Area Company, which will start immediately on the construction of a new skating and hockey arena, named by Mr. W. Cold Winter Predicted in Manitoba

The *Man. Man.*, Nov. 11.—Large packs of wolves are moving through the north in search of the caribou herds, say incoming trappers. Though not ravens, the packs follow dog trails for a long distance without seriously mauling the teams. At Inter Lake, a pack of thirty-five was seen on the trail of moose, and trappers have chased and gunned them at Split Lake. The Indians report that they have killed six of them on the outskirts of The Pas. Small packs of eight to sixteen have been seen. The Indians and old-timer trappers believe that the presence of so many wolves close to the settlement indicates a long and bitter winter in the north for the first time since 1915. Statistics are given that The Pas, which is accepted as a sign of extremely cold weather. The thermometer in 1915 went down to 54 degrees below zero and the weather throughout the winter was severe.

CANADA HAS NO INTENTION OF COMMANDERING WHEAT

Winnipeg, Man., Nov. 11.—In an interview today, Sir George Foster indicated that the rumor that wheat was to be commandeered, which has disturbed some of the grain interests, was absolutely groundless. Sir George expressed himself as perfectly satisfied with the work of the Wheat Board in marketing Canadian wheat and spoke optimistically of the results that would accrue to the farmer as a result of the pooling arrangement which had been decided upon. He indicated that the policy of the government was not a permanent one.

VACCINATION NOT PAINFUL SAYS M. H. O.

Toronto Physician Tells of After Treatment—The Care of the Arm

Dr. Hastings, of Toronto, has injected a vaccine on the arm of a variety of patients, which he declares demands skill in performance and care in after-treatment. The operation, he says, is not painful. "It should not cause the smallest child to shed a single tear. The skin swells and should not draw blood. For treatment of the wound, a little antiseptic is used."

AFTER TREATMENT.

- 1.—All injury to the vaccinated arm should be avoided.
- 2.—Any covering that is tight is to be avoided.
- 3.—Daily washing of the skin may be continued, so long as the crust does not break. Do not apply any ointment to soften the crust.
- 4.—Every crust should be removed as it comes off. Do not pick at it.
- 5.—If the vaccine should be cracked or broken, and the wound becomes open, daily moist dressing with sterile water is imperative, such as a sterile cloth or sterile linen (one piece) should be applied. Under no circumstances should any dressing be applied to remain on a vaccinated arm longer than twenty-four hours, and no dressing should be applied as long as the crust is still intact.
- 6.—If the vaccination wound is not apparently progressing in a proper manner, report back to the vaccinating centre.

Alderman At Peterboro Would Tax Women

Peterboro, November 12.—Notice of a motion to the effect that all women of twenty-one years and over be required to pay the poll tax was given by Ald. Crowe at last night's council meeting. Lacking enlightening comment it is not evident whether Mr. Ald. Crowe would indirectly encourage matrimony or whether this proposed as a price of the franchise into the full enjoyment of which women were admitted at the recent elections.

TONIC TREATMENT FOR THE NERVES

Neuralgia and Other Nerve Disorders Cured Through the Blood

In many severe nervous disorders the best remedy is often a tonic. The most active tonic treatment is recommended by the highest medical authority to arrest the progress of such diseases. Dr. Williams' Pink Pills are a tonic that acts on the nerves through the blood, which carries to the nerves the elements needed to build them up and restore them to a normal condition.

Neuralgia, sciatica, nervous headaches, and a number of more severe nervous troubles are properly treated by building up the blood with Dr. Williams' Pink Pills and are often entirely cured in this way. If you are nervous you can help yourself by refusing to worry, by taking proper rest and sleep, by avoiding excitement and by taking out-door exercises. For medicinal take Dr. Williams' Pink Pills and you will soon notice the beneficial effect of this tonic in every part of the system. Miss Anna L. Johnston, R. R. No. 1, Litchfield, Ont., is one of the numerous sufferers who has found a cure through Dr. Williams' Pink Pills. Miss Johnston says: "For a long time I was a severe sufferer from sciatica, with the result that I grew very pale and weak. Medical treatment did not help me, and various medicines had no beneficial effect. Until finally a friend advised me to try Dr. Williams' Pink Pills. I began taking them several months, with the result that I not only gained in weight, but have recovered my full health and strength. I cannot praise Dr. Williams' Pink Pills too highly for what they have done for me."

"To build up the blood there is one remedy that has been a household word for generations. Dr. Williams' Pink Pills for Pale People. They tone up the entire system, make the blood rich and red, strengthen the nerves, increase the appetite, put color in the cheeks, and lips and drive away that unattractive, tired feeling. Plenty of sunlight, good wholesome food and fresh air will do the rest. You can get Dr. Williams' Pink Pills by mail at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont."

Toronto Physician Tells
of After Treatment—
The Care of the Arm.

Dr. Hastings, of Toronto, has
used a vaccine on the arm of vac-
cination, which he declares demands
skill in performance and care in af-
ter-treatment. "The operation, if
properly performed," he said,
should not cause the smallest dis-
comfort to the patient. The vaccine
used should not draw blood
shaped. For treatment of the wound
he advises:

AFTER-TREATMENT.

1. All injury to the vaccinated
arm should be avoided.
2. Any covering that is tight is
to be avoided.
3. Daily washing of the skin may
be continued, so long as the crust
does not break. Do not apply ex-
cessive moisture to soften the crust.
If it is necessary to make a
crust, it should be made of
sterilized gauze or cotton.
4. If the vaccine pustule or crust
does not break, and the wound
becomes open, daily moist dressings
with some sterile antiseptic, such as
boric acid or dilute iodine (one
part iodine to 100 parts water), should
be applied. Under no
circumstances should any dress-
ing be allowed to remain on a vac-
cinated arm longer than twenty-
four hours, and no dressing should
be applied so long as the crust
remains intact.
5. If the vaccination wound is not
properly protected in a proper
manner, report back in the forma-
tion course.

Tonic Treatment
FOR THE NERVES

Nervous and Other Nervous
Disorders Cured Through the
Use of

In many severe nervous disorders
the best remedy is often a tonic. The
most active tonic treatment is pro-
vided by the highest medical
authority to assist the progress of
such diseases. Dr. Williams' Pink
Pills are a tonic that acts on the
nerves through the blood, which car-
ries to the nerves the elements need-
ed to build them up and restore
them to a normal condition.

Nervous and Other Nervous

Disorders Cured Through the
Use of
Dr. Williams' Pink Pills for Pale People.
They tone up the entire system, make
the blood rich and red, strengthen
the nerves, increase the appetite, pur-
ify the blood, and drive away that un-
pleasant, tired feeling. Plenty of small, good
wholesome food and fresh air will do
the rest. You can get Dr. Williams' Pink
Pills by mail at 50 cents a box
or six boxes for \$2.50 from The Dr.

FUEL CONTROLLER SEIZES ALL BITUMINOUS COAL IN ONTARIO—STOP SHIPPING

© Toronto, Nov. 17.—Seizure of all bituminous coal in Ontario, either in transit or in storage, has been made by Mr. H. A. Harrington, Provincial Fuel Administrator, under an order which he issued on Saturday night, shortly after he had been notified from Ottawa that the Canadian Trade Association had secured a court order compelling the Ontario government to allow the free sale of coal. It does not apply to coal now in transit or in storage for use in public utilities, hospitals, food canneries, or in newspaper publishing plants, nor does it prevent delivery of coal to domestic users.

Port officials had instructed Canadian Customs officials that an embargo had been placed on all coal shipments from Canada. Toronto, Nov. 17—Canada has once more the top with a vengeance and the world's largest city has closed on Saturday at midnight.

"It'll never all be the cheering, and while the final figures will not be made, those not yet counted, the semi-official estimate is that the grand total for the Demolings will be no less than six hundred million dollars."

Last year the final figures showed \$592,700,250. This year the prospectus of the Finance Minister laid

250 millions of the total amount to the loss this year, which is more than half of the aggregate for the last year. The Finance Minister saw your the one hundred million mark. Last year her contribution costed 147 million dollars. The Queen City expects to rival the city of Montreal. The two great Canadian cities have been engaged in a thrilling race, the financial leaders of these centres being the mainstay of one another, each striving every effort to roll up a big total.

"BE MASTERS OF YOUR HEALTH"

—DR. CHASE

Make your blood rich—strengthen your nerves, increase your vitality and build up your system generally by using.

Dr. Chase's Nerve Food

You may be skeptical of what any medicine will do for you. But you are human—your vitality depends on an abundance of rich, red blood. Dr. Chase's Nerve Food supplies the ingredients from which new blood is created, and is bound to help you in the same way that it helps many thousands of others.

HERE IS THE PROOF

Guelph

Mrs. Emma Louch, 95 York Rd., Guelph, Ont., writes:—
"Last year my system became run-down, and I was troubled with nervousness. I had frequent headaches, and found it difficult to get a good night's sleep. I sometimes had a creepy sensation or had flashes over my body. I secured some of Dr. Chase's Nerve Food in January, and after using them for a time I noticed an improvement. I therefore continued the treatment until the headaches and that creepy feeling disappeared. I got better control of my nerves and now can go to bed and get a real good night's rest. We think a great deal of Dr. Chase's medicine, and I can certainly recommend the Nerve Food."

Hamilton

Mrs. S. Stanston, 136 McNab St., N. Hamilton, Ont., writes:—
"I have used Dr. Chase's Nerve Food for a run-down system, and found it splendid for strengthening and building up the body. I can recommend it to any person requiring a good tonic."

London

Mrs. S. McIntosh, 22 Hyla St., London, Ont., writes:—
"About a year ago I had a complete collapse from my nerves. I was taken to the hospital for a treatment, but it did not give me much relief. When I was brought home again, I went to the country for a change of air. I seemed to be a little better while there, but after my return home I did not feel much better. I used to have nervous spells, when my limbs would begin to shake, then grow cold, and I would be completely exhausted. I was also troubled with an accumulation of gas on my stomach, which caused palpitation of the heart. At last I decided to try Dr. Chase's Nerve Food and after I had used them for a while, I found that they were helping me, so I continued using them until I became quite well again. I became restful and tranquil, could sleep well at night and was able to do my own housework. As I got stronger the nervous spells disappeared, and I have not had one since. I also used an occasional Kidney-Liver Pill in connection with the Nerve Food, which helped cure the gas on my stomach. I have received such benefit from these medicines that I wish to recommend them to others."

Brockville

Mr. M. B. McFadden, 35 Church St., Brockville, Ont., writes:—
"About five years ago I was troubled with nervousness and sleeplessness. Living in my business (a baker) I had long hours and only broken rest, and became so run-down that when I got the time to sleep, sleep would not come. Through reading some of the advertisements and also looking over a family doctor's book, I decided to try Dr. Chase's Nerve Food. I purchased a box and continued the treatment until I found myself much improved and could get a good night's rest. Since then, when I feel the need of them, I resort to Dr. Chase's Nerve Food again, with the same good results. I highly recommend the use of this treatment to anyone suffering from nervousness or sleeplessness."

At this season almost everybody is in need of restorative treatment to keep up energy and vigor and to maintain health, strength and vitality. Everywhere people are talking about Dr. Chase's Nerve Food, because it seems to be exactly what is required in the great majority of cases to restore the run-down human system. 50 cents a box, 6 for \$2.75, all dealers, or Edmondson, Bates & Co., Ltd., Toronto. Woodstock

Mrs. T. Atchley, 224 Main St., Woodstock, Ont., writes:—
"For several years I have made use of Dr. Chase's Nerve Food as a tonic and blood-builder. Whenever my system gets run down or I do not feel quite up to the mark, I resort to this medicine, and they never fail to build me up and strengthen me. Different members of our household have also made use of Dr. Chase's Nerve Food with splendid results."

Peterboro

Mrs. James Horne, 228 Dublin St., Peterboro, Ont., writes:—
"Three years ago I noticed that our child was seemed to be suffering from bad nerves and poor appetite and was inclined to anæmia. Knowing the good of Dr. Chase's Nerve Food, I started to give them a treatment of this medicine. I found it built them right up, made them bright and cheery and restored their usual good health. I have also used the Nerve Food myself and found it very beneficial for nerves and heart. In fact I have found Dr. Chase's Nerve Food to be such a valuable medicine for general family use that I have recommended it to many of our friends and acquaintances."

Pictou

Mrs. Arthur Hicks, Pictou, Ont., writes:—
"About a year ago I was on the verge of nervous prostration. I became very irritable, and could scarcely stand the noise of the children. As for sleep, it was impossible. Then I had an attack of dizziness in my right arm and left finger. I had spent a great deal of money on different medicines, and consulted with different doctors trying to get relief, but without success. Finally I tried Dr. Chase's Nerve Food, and they have given me great benefit. My husband could see a great improvement in my looks in a short time. I feel so much better than I could speak too highly of Dr. Chase's Nerve Food and would recommend them to anyone suffering from nervous troubles."

Collingwood

Mr. Harry Edward Trotman, First St., Collingwood, Ont., writes:—
"It is with great pleasure I write to tell you the splendid results I have secured through the use of Dr. Chase's Nerve Food. Before I commenced the treatment, I suffered from nervousness, on nervous, each worried, had frequent headaches and neuralgia pains running up my back, especially on the back. I could neither sleep nor eat well, and my circulation was poor and the heart action seemed weak. I also had attacks of indigestion. I tried several different remedies but could not gain permanent relief. At last I decided to take Dr. Chase's Nerve Food and this treatment, together with an occasional Kidney-Liver Pill, worked wonders in my case. Five boxes of Nerve Food cured me. My wife has also derived great benefit from the same treatment, and we shall never be without these medicines in the house as long as we can get them."

FLOW OF WIT AND ORATORY.

(Continued from page 1.)
 Early began to be settled in 1851. Great progress has been made in the last few years. The settlement is now in 17,000 in Victoria County, which includes grants to Lindsay and York (A. C. report by Mr. McNeill's remarks on the early history of the County will appear in the Watchman next week.)

Mr. Kille referred to the splendid character of the Wardens. He had served the county well. The town of Lindsay is the very best town in Canada. He spoke a word for the Board of Trade. An effort was being made to organize a broader line, taking in trading territory of the county as well as the town. "The water power of the south-east corner should be developed, and could be if the town and county worked together. The farmer cannot do without the townman, and vice versa."

Mr. F. D. Moore, County Minister, said he knew Mr. Morrison and was a great admirer of him. Everybody who knew Mr. Morrison respected him as a man and a man of stability. He hoped that he would continue long in the county. Mr. W. V. O'Connor commented: "The worthy conduct of the Wardens, public institutions are dear to the heart of the lawyer and we are furnished with a room in which to do business. We are proud of our court house and municipal institutions generally. We have a good jail and a magnificent hospital. The County Council is to be commended, too, on its general policy, which is a progressive one. During the years of the war the Council did particularly good work and received first hand support from the Wardens."

Mr. T. H. Silman's message was to stick to the motto of "unity, which can be evolutionary and not revolutionary, constructive and not destructive, let us be efficient, let us overcome the stultifying influences of alienism, and we will then come out all right. Let us conserve and build for the future. Mr. Morrison I have known for a number of years and the longer I know him the more I like him, and the more I admire him."

"Our Educational Institutions." Mr. W. H. Henson "We are proud of our schools in Lindsay. The Collegiate Institute almost first or second among all the Collegiates in Ontario, and some very clever men turned out. The public schools are also good ones. In the County, the schools have improved and the teachers, but we are not satisfied. The pupils in rural schools are not getting the same as the pupils in the town schools."

SUGAR SCARCE IN THE WEST

Windsor, Nov. 25.—(Herald)—By suspending themselves, the retail grocers of Windsor are coming to grips today with the sugar famine problem. The grocery section of the Retail Merchants' Association met last afternoon to discuss ways and means of relieving the shortage and securing a more equal distribution of such sugar as is available in the city. While some buyers have been unable to secure any white sugar for over a month, others have been permitted to obtain plenty. Nothing to relieve the famine was done after two weeks' talk.

THREE DEAD; FOURTH LIKELY

Sad Tragedy in Western Home—Friend Shoots and Kills Three.

Regina, Sask., Nov. 23.—(S.S.)—Mrs. F. J. Hanson was shot dead at her home between Lemberg and Abernethy about 3:30 this morning, by J. R. Sullivan, a game warden of Lemberg, according to reports which have reached the Provincial Police. Their violent hot love between life and death with a bullet wound in his neck and Lemberg is dead by his own act.

Details of the crime are to the effect that the Hanson family lived Saturday evening and invited Sullivan, who was a friend of the family, to spend Sunday with them. Arriving at their home, Sullivan went to the barn to help him with the chores, and returned to the house, saying that Hanson had been killed by a horse. Mrs. Hanson went to the barn with her son, Alfred, 15 years of age, and entering saw at once shot dead by Sullivan. The boy took refuge in a mow, but was dragged out by Sullivan and killed on the floor with a bullet wound in his temple.

Store Editorial

THE PROGRESS OF THIS STORE REFLECTS ITS POLICIES

The rule that holds fast in the season here is "the minimum price for the maximum quality" and that we think is a naturally fair arrangement to make between buyer and seller. But at end-of-season periods or between-seasons we make every effort to give the minimum in order to close out our phones and overstocks with the least possible loss of time. These are the plain facts and to us seem sane and sensible reasons why we hope to win new friends.

Intelligent attention and a quick perception of the customer's requirements are, of course a necessary and requisite part of the store service always and our employees co-operate to make that as much their pleasure as their duty. It is coincident with the progress of the store.

TALK OF NEW MONARCHY

Old War Song Sung Again—Preacher's Appeal.

Berlin, Nov. 25.—The presence of General Ludendorff, former first quartermaster-general, in the Imperial Palace of the Reichstag, Berlin, yesterday during a memorial service for Germans who fell in battle, was the occasion for a striking demonstration.

General Ludendorff spoke of military training as an invigorating and moral education.

One of the congregation dressed in a field grey uniform and exclaimed: "When the hour comes we will all follow you, general," whereupon the whole congregation stood and sang, "Deutschland Über Alles."

In the course of his sermon the preacher said:

"When the time comes we shall do bravely for our brothers and our honor and not disgrace ourselves."

At the close of the sermon the preacher, standing at the tomb of Frederick the Great, summoned the congregation to create a monument which would be supported by the will of the people.

General Ludendorff was given an ovation as he left the building, and cheers were also raised for former Emperor William.

UKRAINIANS HAVE ANNEXED ARABISTIE WITH GEN. DENIKINE

Vladivostok, Nov. 23.—The Ukrainian Localities which the armistice between Gen.
